

Ellicott's Paul Quinn joins World DREDGING Board of Advisors

*Ellicott's **Paul Quinn** has been appointed to World DREDGING magazine's board of Industry Advisors.*

Paul Quinn is Vice President of Sales and is responsible for all global sales activity for Ellicott Dredges, LLC which is an export focused company.

Paul has over 35 years of experience in the dredging industry, and has been visiting various countries with dredging needs since 2003. He is particularly familiar with Cutter Suction Dredges, and particularly their use in rivers and inland waterways.

In 2016, Paul was appointed by U.S. Secretary of Commerce, Penny Pritzker, to the Maryland / D.C. District Export Council. He has given several seminars on the most effective way for developing countries to develop and maintain inland water systems.

He has served as Chairman and President of the Western Hemisphere Dredging Association and Board member of the World Dredging Association.

Education: B.A. in Business Administration, St. Michael's College, Burlington, Vermont (VT).
