

Ellicott Dredge Enterprises Launches New Website

Ellicott launches parent company

Ellicott Dredge Enterprises' Web site : www.ellicottdredges.com.

This new site offers quick and easy access to essential information and features while providing a more comprehensive understanding of the company's value proposition and overall client benefits.

Visitors can find information about our market sectors, services, featured projects, and management biographies. In the future there are plans to add new content such as blog posts, product launches, and press releases.

Featured above the Ellicott Dredge Enterprises Management Team:
President Heiko U. Osterchrist, CFO Joesph G. Wendel, CEO Peter A. Bowe,
COO Craig Murdock, VP of Sales Paul Quinn.

About Ellicott

Since 1885, Ellicott has focused on delivering reliable dredging equipment to extract earth, minerals and sediment from below water. With an unparalleled history of innovation and production, Ellicott offers standard and custom dredging solutions through multiple brands to serve distinct market niches.
