

# LETTER TO THE EDITOR

April 20, 2016

Subject: Annual Directory

Steve: I have just received the 48th Annual Directory of the "Dredging Worldwide" and I think it is the finest dredging magazine I have ever read. Your Dad ( Mort J. Richardson ) started it, but, you have really made "World Dredging" a first class magazine of today's world.

I must congratulate you over and over for doing a magnificent job.

Steve, I cannot say enough on your behalf with your development of the small magazine that your Dad put his heart into.

I wish you much success in the future. Please ... take care of yourself.

Your Dad's classmate ( US Naval Academy ) and friend and I hope your friend too.

**John Holmes**  
USN – Ret.
